

## 2017 OAKLAND MARATHON DETOUR SCHEDULE

To ensure the safety of the runners traversing the city streets, there will be ongoing detours on the morning of Sunday, April 2nd between 6:30 am - 3pm. Below is a guide detailing the detour and street closure schedule. Note that some blocks will be impossible to safely exit in your vehicle while runners are in the area. We apologize for any inconvenience.

The purpose of these detours is to re-route motorists out of your area to the closest freeway. While drivers may not be heading in the desired direction at first, they may need to go down a freeway exit to turn around and return in their desired direction to their final destination.

Please plan in advance to minimize any inconvenience. Take a moment to review the detours in advance - the usual route out of your neighborhood may be blocked.

The following freeway off-ramps will be CLOSED during the marathon:

- Eastbound Highway 24 @ Broadway
- Southbound Highway 13 @ Park Blvd.

Certain destinations to note during the race:

Race Operations Center and Celebration Village: Eastshore Park at Grand & MacArthur will be used for the start/finish line this year. Setup for the race, on Saturday, April 1, Grand Ave. from El Embarcadero to MacArthur and Lakeshore from MacArthur to El Embarcadero.
